SEE WHAT SCOTT DUAL LANGUAGE HAS TO OFFER!

Scott provides rigorous dual-language instruction at the elementary level, so that students achieve grade-level bilingualism & biliteracy by the end of 5th grade. Our philosophy is to deliver advanced level instruction in English and Spanish immersion settings for true academic biliteracy. Classrooms consist of approximately 50% native English speakers and 50% native Spanish speakers. Challenging, interactive, and authentic instruction where teachers communicate only in the designated language takes place in all classrooms.

Language Instruction Breakdown:

- All students receive Math instruction in English and Science & Social Studies in Spanish.
- PreK-1st: Students receive language arts instruction in their native language.
- 2nd-5th: Students receive language arts instruction in BOTH English and Spanish.

Student Skills:

- Students work predominately in "bilingual pairs;" collaboration is an essential element of our model.
- Students work together to achieve learning goals, while also navigating language and learning from peers.
- All students learn to read, write, listen, and speak in both languages in an immersion environment.

PreK-12 Dual Language Program:

Students have the opportunity to apply and continue the Dual Language Program at Landon Middle School and Topeka High School. The Topeka Public Schools PreK-12 Dual Language Program is the only program of its kind in the state of Kansas, and in 2022, was recognized nationally for innovation and excellence by the National School Boards Association with the Magna Award Grand Prize.

"My daughter goes to Scott Dual Language because Scott is more than a school, it is a family and culturally diverse community where she can grow and thrive while learning the gift of a second language."

-Scott Dual Language Parent
